

**Quarterly report - covers the period from 01.01.2022 to 30.03.2022**

✓ **Task 1. Organisation of mobilities**

In I quartile of 2022, the Recruitment Team for Mobilities meetings were held remotely. The Team positively assessed the following applications:

- ✓ 10.01.2022. PhD. Mirosław Banaszak, mobility to Ondokuz Mayis University,
- ✓ 10.01.2022. PhD. Jakub Biesek, mobility to Ondokuz Mayis University,
- ✓ 10.01.2022. Iwona Zaremba mobility to Ondokuz Mayis University,
- ✓ 10.01.2022. PhD. Paweł Modrzyński from Faculty of Management, mobility to Adana Science and Technology University,
- ✓ 31.01.2022. PhD. Magdalena Dobiszewska, prof. PBŚ, mobility to Adana Science and Technology University,
- ✓ 31.01.2022. Mengjan Wu from the University of Molise, mobility to Bydgoszcz University of Science and Technology,
- ✓ 01.02.2022. MSc. Izabela Kasprzyk, mobility to Adana Science and Technology University,
- ✓ 08.02.2022. MSc. Agata Bukaluk, mobility to Ondokuz Mayis University,
- ✓ 03.03.2022. Tobias Kettrukat from Aarhus University, an internship at Bydgoszcz University of Science and Technology,
- ✓ 15.03.2022. PhD. Magdalena Kolenda, mobility to Ondokuz Mayis University,
- ✓ 18.03.2022. PhD. Michalina Jawor, mobility to Mendel University in Brno,
- ✓ 21.03.2022. PhD. Dariusz Piwczyński prof. PBŚ, mobility to Ondokuz Mayis University,
- ✓ 21.03.2022. Muhammed Şamil Açar, internship at University of Molise.
- ✓ 22.03 and 26.03.2022. PhD. Magdalena Dobiszewska, prof. PBŚ, mobility to the University of Maryland (the first application was rejected by the decision of the Recruitment Team for Mobilities, and the second was accepted)
- ✓ 22.03 and 26.03.2022. MSc. Izabela Kasprzyk, mobility to the University of Maryland (the first application was rejected by the decision of the Recruitment Team for Mobilities, and the second was accepted)

In the I quarter of 2022, the following people took part in mobilities as part of the EcoSET Project:

- ✓ PhD. Magdalena Dobiszewska, prof. PBŚ and MSc. Izabela Kasprzyk – study visit at Adana Science and Technology University, 12-25.03.2022.

PhD. Paweł Modrzyński, qualified to go to Adana Science and Technology University, resigned from the mobility within this Project. The visit took place as part of the Erasmus+ programme.

✓ **Task 2. Subsidising common scientific publications**

In the I quarter of 2022, the Publication Evaluation Team meetings were held remotely. As a result, the following applications were accepted:

Faculty of Animal Breeding and Biology

- MSc. Michelle Paradowska: „Avian Cell Culture Models to Study Immunomodulatory Properties of Bioactive Products”, *Animals*, <https://doi.org/10.3390/ani12050670> (IF= 2,752; 100 points),
- PhD. Magdalena Stanek: “The first insights on trans-galactooligosaccharide effects on fatty acids profile and microstructure of muscle in common carp”, *Annals of Animal Science*, <https://doi.org/10.2478/aoas-2021-0030> (IF=2,090; 140 points)

Faculty of Civil and Environmental Engineering and Architecture

In the I quarter of 2022, a paper by PhD. Magdaleny Dobiszewskiej, prof. PBŚ was published: „Experimental Investigation on Environmentally Sustainable Cement Composites Based on Wheat Straw and Perlite”, *Materials*, co-author from Politecnico di Bari, the publication was financed from sources other than EcoSET. <https://doi.org/10.3390/ma15020453> (IF= 3,623; 140 points)

✓ **Task 3. Subsidising participation in international conferences**

Faculty of Civil and Environmental Engineering and Architecture

In the I quarter of 2022, fees for remote participation in the conference were made for **WMCAUS 2022 7<sup>th</sup> World Multidisciplinary Civil Engineering – Architecture – Urban Planning Symposium** for the following people:

- ✓ PhD. Jan Kempa, prof. PBŚ – 2 articles co-authored with University of Beira Interior,
- ✓ PhD. Iga Grzeńkow – 2 articles,
- ✓ PhD.. Aleksander Furmanek – 3 articles,
- ✓ PhD.. Alina Lipowicz-Budzyńska – 2 articles,
- ✓ PhD. Justyna Sobczak-Piąstka – 3 articles,
- ✓ MSc. Agnieszka Grzybowska – 1 article.

Faculty of Animal Breeding and Biology

Eight people sent their abstracts for the conference **73rd EAAP Annual Meeting 2022** in Porto, Portugal. Currently, they are waiting for abstract acceptance.

✓ ***Task 4. Organisation of a closing conference to sum up the Project***

As part of the preparations for the closing conference summarising the Project and the exhibition accompanying the conference, two meetings of the Project Management Team were organised on: 07.02.2022 and 30.03.2022. The date of the conference and the preliminary work schedule. Detailed information on the decisions made can be found in the Meeting Reports prepared by MSc. Agata Bukaluk who sent them to all its participants each time after the meeting.

In addition, online meetings were held with representatives of Ondokuz Mayıs University, who will participate in the exhibition as part of the closing conference

✓ ***Other activities:***

- Two more project applications were submitted with EcoSET project partners. The applications were submitted in response to the call for proposals announced by NAWA under the Strategic Partnerships programme:

PhD. Magdalena Dobiszewska, prof. PBŚ with Adana Science and Technology University, University of Beira Interior and the Polytechnic University of Bari (10.01.2022 r.)

PhD. Magdalena Kolenda with Ondokuz Mayıs University (12.01.2022)

- 07.03.2022 r. Change Card No. 7 was sent to the Project Supervisor, which NAWA approved on 16.03.2022 r.

Changes include e.g. the creation of new events (Molise PhD seminar and wicker workshops), and an increase in funds for publications and conferences.

- ✓ Online meetings with representatives of Ondokuz Mayıs University were held. The talks concerned the organisation of the International Wicker Workshop. During the arrangements, there was a proposal that one of the arriving OMU employees should organise a performance (a creative process with music, and streaming was also planned). The event is currently being processed (consent of Rector and purchase of appropriate materials).
- ✓ The summary of costs in the I quartal broken down by Faculties and tasks was prepared (as of 30.04.2022).
